

Umesh Isuranga

Software Engineering Intern | React & Node.js Developer | Computer Science Undergraduate
+94 70 536 2187 · umeshisuranga414@gmail.com · linkedin-Umeshisuranga · github-UmeshIsu
Rajagiriya, Sri Lanka · Available Immediately

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with hands-on experience building full-stack web and mobile applications using **React**, **Node.js**, and **RESTful web frameworks**. Proven ability to work effectively within **Agile development** teams, contribute to **version-controlled** codebases via **Git**, and write clean, testable code. Demonstrates strong **adaptability** to new technologies and programming languages through rapid learning in hackathons and industry-level projects. Seeking an Intern/Trainee Software Engineer role to contribute to high-quality technology solutions while gaining exposure to cutting-edge tools and data-driven software services.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, Java
Frontend / Web Frameworks: React, React Native, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend / Web Frameworks: Node.js, Express.js, REST API Development
Databases: MongoDB, PostgreSQL, Database Design & Integration
Version Control: Git, GitHub — branching, pull requests, collaborative workflows
Cloud & DevOps (Exposure): GCP fundamentals (Google AI Essentials), environment configuration
Testing & Quality: Unit Testing concepts, API Testing with Postman, Error Handling & Debugging
Methodologies: Agile Development, OOP, Full-Stack Development, Responsive UI/UX Design
Tools: VS Code, IntelliJ IDEA, Figma, Expo, Postman

PROJECT & WORK EXPERIENCE

Full-Stack Developer 2025 – Present
Swap-Up — IIT Ongoing Industry Project Colombo, Sri Lanka

- Architected a centralized **React Native** mobile platform automating staff scheduling, applying **component-based web framework** principles throughout.
- Developed and maintained a **Node.js** and **Express.js** RESTful backend, implementing clean API design and **unit-testable** service logic for attendance, overtime, and leave tracking.
- Practiced **Agile collaboration** across the team using iterative sprint cycles, peer code reviews, and **Git/GitHub** version control with feature branching and pull-request workflows.
- Integrated a **PostgreSQL** relational database with optimised schema design to support real-time dashboard queries and reporting.
- Tech Stack:** React Native, Expo, Node.js, Express.js, PostgreSQL, REST API, Git, Figma

Full-Stack Developer 2025 – Present
CBC Crystal Beauty — Client E-Commerce Project Sri Lanka

- Delivered a production-ready **React** web application with a fully responsive UI, enabling clients to browse cosmetics and book salon appointments online.
- Built 10+ **RESTful API** endpoints using **Node.js** and **Express.js** to handle appointment scheduling, client management, and service catalog operations — deployed and version-controlled via **GitHub**.
- Demonstrated **adaptability** by independently learning MongoDB integration patterns and implementing **database design** best practices for a NoSQL data model.
- Applied **problem-solving** skills to debug cross-origin API issues and optimise frontend rendering performance.
- Tech Stack:** React, Node.js, Express.js, MongoDB, REST API, Git

Team Lead & Developer Jan 2025 – Apr 2025
EDUCO — Quality Education Platform, IIT Group Project Colombo, Sri Lanka

- Spearheaded a **4-member Agile team**, facilitating sprint planning, task delegation, and **collaborative development** workflows to deliver on time.
- Designed and implemented a complete educational web application, achieving full marks — demonstrating strong **communication skills** and **team environment** adaptability.
- Tech Stack:** HTML5, CSS3, JavaScript, Figma, Git

EDUCATION

B.Sc. (Honours) Computer Science <i>University of Westminster (UK) via Informatics Institute of Technology (IIT)</i> Relevant Modules: Object-Oriented Programming, Software Development Group Project (SDGP), Database Systems, Web Design & Development, Information Technology Security	2023 – Present <i>Colombo, Sri Lanka</i>
Foundation in Information Technology — <i>Distinction (80%+)</i> <i>Informatics Institute of Technology (IIT)</i> Modules: Python, Database Systems, Mathematics, English	2023 – 2024 <i>Colombo, Sri Lanka</i>
G.C.E. Ordinary Level — 5 A Passes <i>Ananda Maithreya Central College</i> A grades in Mathematics, English, and Science.	2023 <i>Balangoda, Sri Lanka</i>

CERTIFICATIONS

Google AI Essentials <i>Coursera</i> — Exposure to GCP ecosystem & AI fundamentals	2024
---	------

ACHIEVEMENTS & COMPETITIONS

Semi-Finalist — HackX Hackathon University of Kelaniya — rapid prototyping under pressure	2023
Team Lead — IEEEExtreme Programming Competition IIT — led team in algorithmic problem solving	2025
Participant — CodeRally Hackathon IIT — applied creative thinking to engineering challenges	2025
Hacktoberfest Contributor Earned all badges contributing to open-source projects via Git	2024

ADDITIONAL INFORMATION

Soft Skills: Creative thinking, problem-solving, team collaboration, good communication, flexibility to learn new technologies
Languages: Sinhala (Native), English (Professional)
Availability: Immediate Nationality: Sri Lankan
